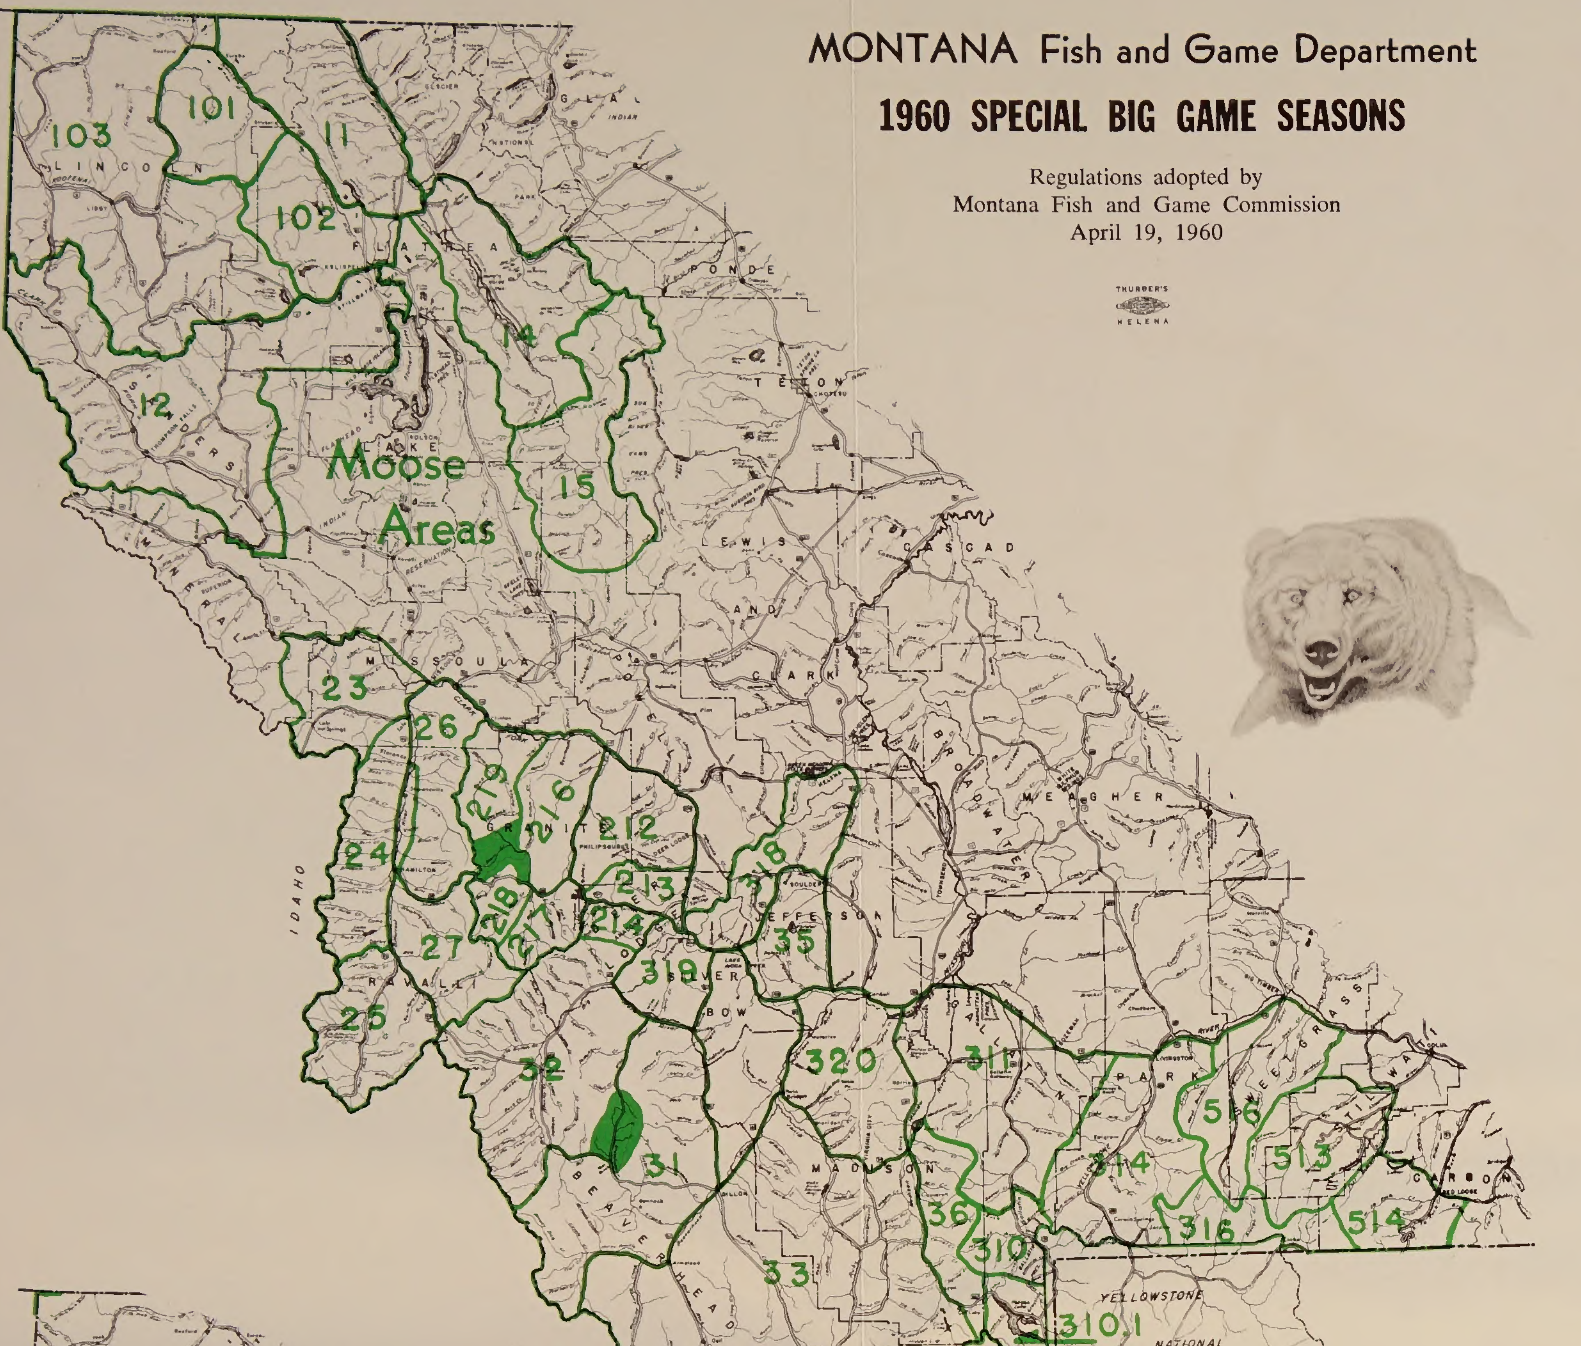
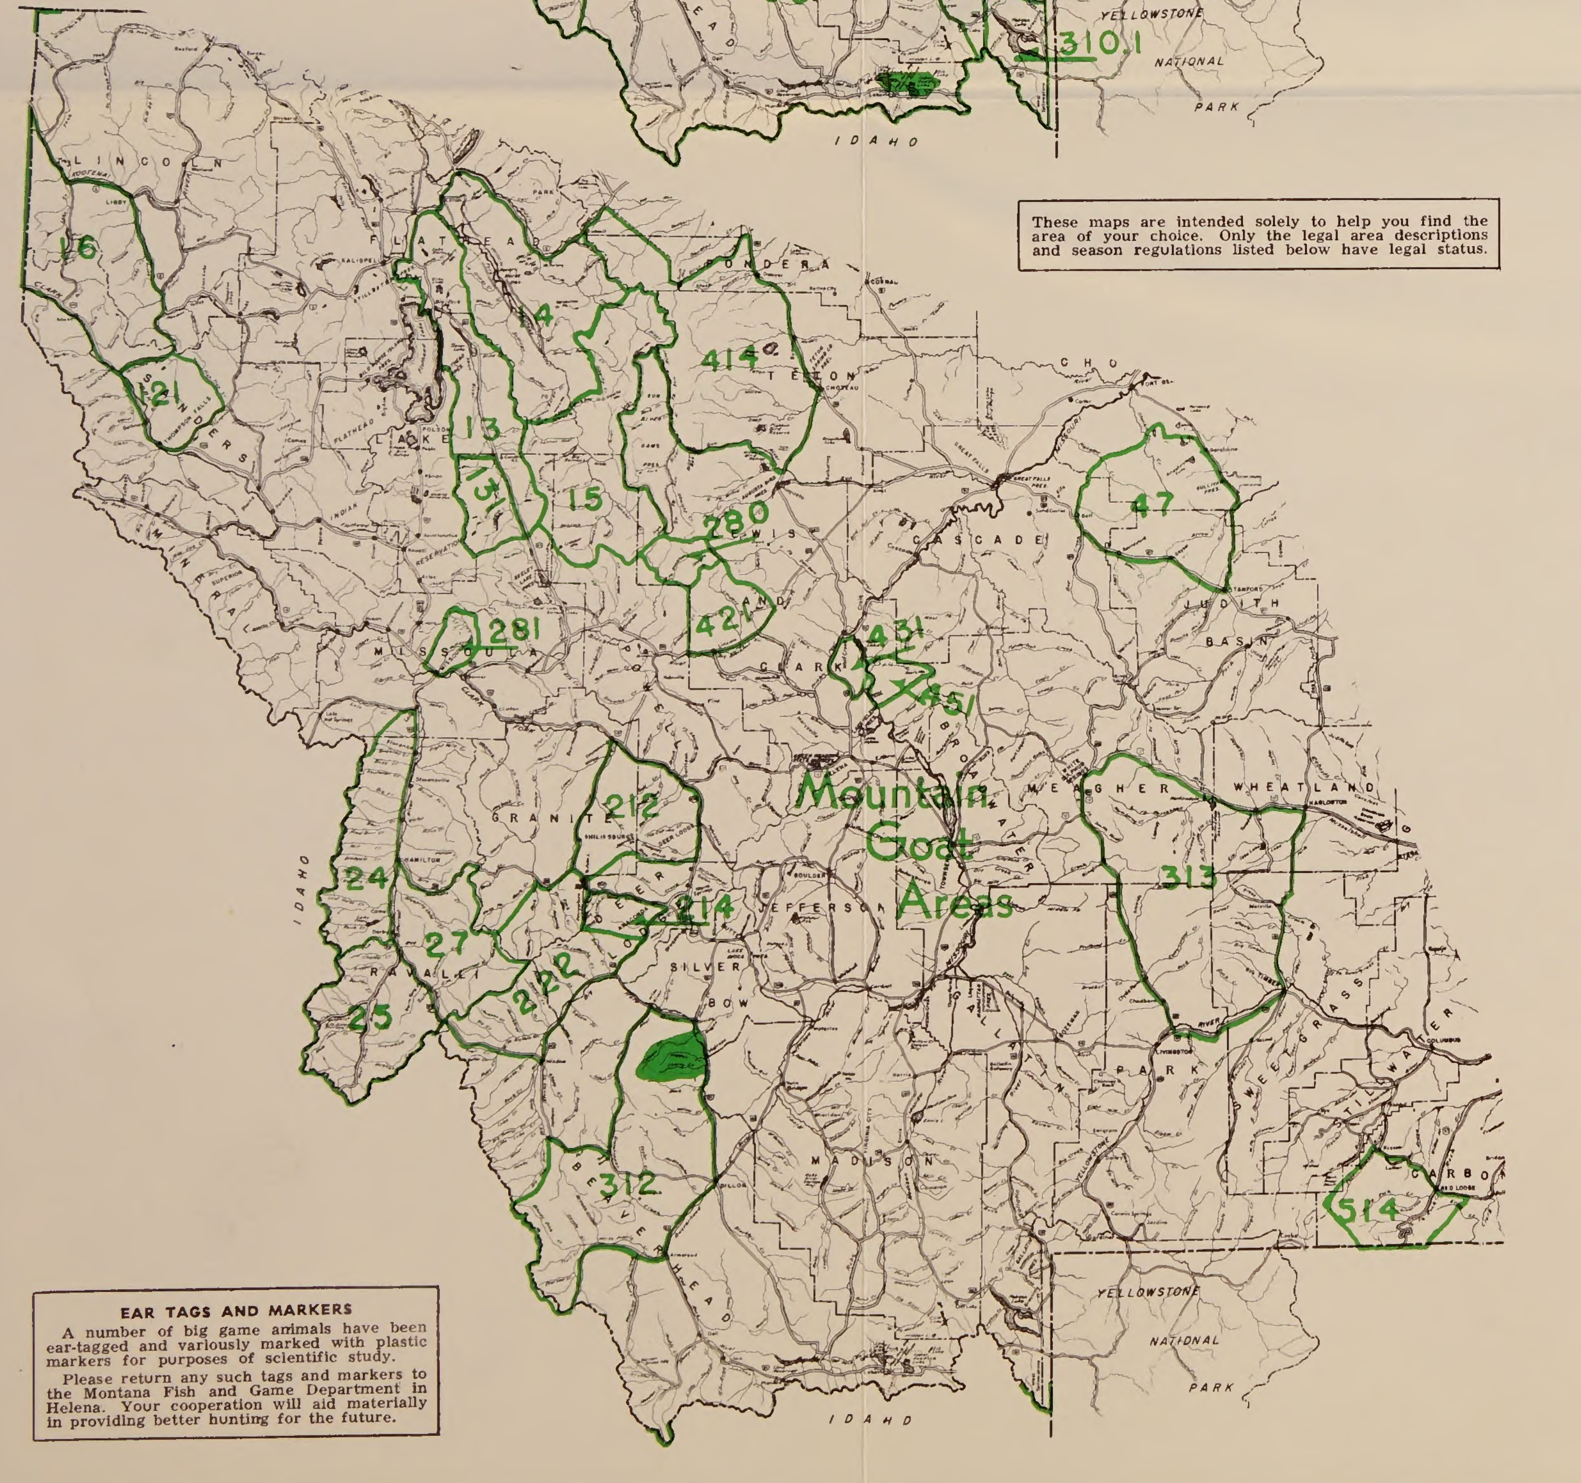
MONTANA Fish and Game Department

1960 SPECIAL BIG GAME SEASONS

Regulations adopted by
Montana Fish and Game Commission
April 19, 1960





These maps are intended solely to help you find the area of your choice. Only the legal area descriptions and season regulations listed below have legal status.

EAR TAGS AND MARKERS

A number of big game animals have been ear-tagged and variously marked with plastic markers for purposes of scientific study.

Please return any such tags and markers to the Montana Fish and Game Department in Helena. Your cooperation will aid materially in providing better hunting for the future.

APPLICATION INSTRUCTIONS—READ CAREFULLY

APPLICATION INSTRUCTIONS FOR ANTELOPE, MOUNTAIN GOAT, BIGHORN SHEEP AND MOOSE: Application must be made on forms available from license agents or offices of the Fish and Game Department. Applications for all limited area drawings must be postmarked on or before July 31, 1960. Applicants must be in possession of a valid 1960 resident or regular non-resident big game license. Applicants will designate areas of choice on the application form. Special licenses for limited areas will be issued only in the Helena office of the Fish and Game Department. Licenses will be mailed as soon as possible after the drawing on August 13, 1960.

APPLICATIONS FOR NON-RESIDENT SPECIAL BIG GAME LICENSES will be handled similarly to those of residents. Non-residents who purchase a $100 big game license will be sent application forms for entering drawings for special licenses to hunt antelope, mountain goats, bighorn sheep and moose. Fees will be returned only if the applicant is unsuccessful in the drawing. These fees are $25 for moose, $15 for bighorn sheep, $5 for goats and there is no fee for antelope.

ANTELOPE APPLICATIONS must be accompanied by the antelope coupon detached from resident or non-resident big game licenses. As many as six persons may apply as a group on one application form. Such an application will be entered in the drawing as one—either all or none will receive licenses.

APPLICATION FOR NON-RESIDENT $20 ANTELOPE PERMIT: Applications for $20 antelope licenses will not be entered in the regular drawing. Applications must be postmarked on or before August 14, 1960. Non-residents may apply for a $20 antelope license to be issued only if the quota in any non-resident area is unfilled after the regular drawing. If there are more non-resident applications than the number of licenses available, a drawing will be held to select applicants. Applicants may designate the areas in order of preference by number for any license in non-resident areas that may be available. If a license is not available the $20 fee will be returned to the applicant. Only one $20 antelope license may be issued to an applicant. Applicant shall state his name, address and areas of choice, and enclose a $20 money order or certified check with application.

UNLIMITED MOUNTAIN GOAT AND BIGHORN SHEEP AREAS: Application deadline of July 31 does not apply. See mountain goat and bighorn sheep regulations elsewhere on this map.

MOOSE AND BIGHORN SHEEP APPLICANTS: Beginning with the 1953 season, any person who has obtained a special moose or bighorn sheep license anywhere in the State of Montana shall not be eligible to apply for another such license in any limited area for the next succeeding ten (10) years.

ALL APPLICATIONS MUST BE SUBMITTED ACCORDING TO INSTRUCTIONS AND MUST SHOW COMPLETE AND CORRECT INFORMATION. OTHERWISE THEY CANNOT BE ACCEPTED.

HUNTING REGULATIONS AND LAWS—READ CAREFULLY

The regulations appearing on both sides of this publication describe the areas by number which are open to the hunting of moose, bighorn sheep, mountain goat and antelope, the open season dates, sex of animal which may be taken, bag limit, application instructions and areas closed to hunting. All areas in the State shall be closed to the hunting of moose, bighorn sheep, mountain goat or antelope except during the open season dates as specified in the areas herein described.

In the event unforeseen conditions should develop, which would possibly result in undue reduction of big game, the State Fish and Game Director has authority to close or shorten the season upon two days' notice.

It is unlawful for any person under twelve years of age to purchase a big game license and/or hunt, shoot, kill, or attempt to hunt, shoot or kill big game animals.

SHOOTING HOURS: Open season, on dates listed, shall be one hour before sunrise until one hour after sunset to conform with the five time zones. Time zone descriptions and schedules are available at license dealers, District Fish and Game headquarters and State Fish and Game Wardens.

The big game tag provided with your license must be detached from the license, filled out with the month and day of kill punched and the tag affixed to the carcass immediately after killing, and remain thereon, so long as any of the carcass remains.

It shall be unlawful for any person to hunt, shoot, kill, or capture, or attempt to hunt, shoot, kill or capture game animals without a valid big game license with tag attached.

It shall be unlawful for any person to transfer or use any license or tag issued to another person. This includes all members of the immediate family.

It shall be unlawful for any person to hunt, shoot, kill, or capture, or attempt to hunt, shoot, kill or capture game animals with the aid of artificial light.

It is unlawful to shoot, kill or attempt to take, capture, shoot, or kill, any game animals or game birds from any vehicle or from any public road or highway.

License must be in possession when hunting and must be shown to any game warden or peace officer upon demand.

It shall be unlawful for any person to hunt any big game without wearing a hat, shirt, jacket, or coat of a bright red color.

It shall be unlawful to ship or transport game birds, game fish, fur or game animals out of Montana by private car or any other means without a shipping permit.

CERTIFICATE OF COMPETENCY: Chapter 16 (Laws of 1957) 26-202.1, Section 2(a). On and after January 1, 1958, no big game hunting license shall be issued to any resident person under the age of eighteen (18) years unless he presents to the person authorized to issue such license either: (1) evidence that he has held a hunting license issued by this state in a prior year, or (2) a certificate of competency as provided by this section; providing further that all resident persons under fifteen (15) years of age must present a certificate of competency even if they have held a hunting license in prior years.
